### 125,000 CHURCH BOOKS ONLINE

Explore historic church records with Archion. For your family research we have made more than 125,000 church books available online.

### BROWSE AS IN THE ORIGINAL

With Archion you find digital representations of historic original documents. Browse through these valuable treasures page by page. Ancient manuscripts and ink spots are included, of course.

## 25 ARCHIVES

Our partner archives include primarily protestant archives as well as archives of dioceses, towns, associations and states. Explore in one portal and yet in many archives from all over Germany.

### NEW CHILDCH BOOKS EVERY DAY

The inventory is steadily increasing. Every day, further church records from our partner archives are being added. On our website we show the new additions on a daily basis.

### EXPLORE WHENEVER AND WHEREVER YOU LIKE

Explore on 365 days a year, completely independent of time and place. Archion is available worldwide around the clock.

### FILL COST CONTROL

As we don't like subscriptions we do not offer them. All access passes end automatically upon the period of time selected by you. If you want to continue to do research just book a new access pass. Apart from many payment options we also offer purchase on account.

### ONE PASS - FULL ACCESS

During a booking period you have full access to all church records available online. You can browse through as many church records as you like. Of course, you can see free of charge if your church records are already online.
