

## Your benefits as a member

Through your membership you acquire the following benefits:

- ❖ Help for self-help
- ❖ Safeguarding their research results as a publication, pre- or posthumous legacy
- ❖ Subscription to yearbook and quarterly journal
- ❖ Membership prices for our publishing products
- ❖ Internal mailing list
- ❖ Access to the member area of our databases
- ❖ Discounted/ free participation in our events
- ❖ Use of library/ archive
- ❖ Seminars and trainings
- ❖ Support with research assignments

Contributions and donations (also from non-members) are tax-deductible, as the association is recognised as a non-profit organisation.

You have the opportunity to take part in our participatory projects that are open to associations. This includes a variety of databases as well as publishing opportunities in our publishing house.

We operate databases too:

[Locations](#) | [Churches](#) | [Cemeteries](#) | [Mansion houses](#) | [Mills](#) | [Gravestones](#) | [Professions](#) | [Pastors and other](#), and our internal association family tree database to safeguard their research.

promotion of science and research

**Brandenburg Genealogical  
Society „Red Eagle“ inc. (BGG)**

[www.bggroteradler.de](http://www.bggroteradler.de)

## Who are we?

The BGG is an association for those interested in family history research in the area of the historical Mark Brandenburg. This includes the Mittelmark, the Prignitz, the Uckermark and the Niederlausitz, as well as the Altmark and the Neumark. Of course, Berlin as part of the Mittelmark is also part of our research area.

We help you in research and support you to find the right sources and to save your results.

An internal mailing list is available for questions to the entire membership.

Regularly appear the journal *Brandenburgische Genealogische Nachrichten* and the yearbook *Brandenburgisches Genealogisches Jahrbuch*.

In our publishing house we publish, among other things, source editions, monographs and family histories. We also offer you the opportunity to make your research results accessible to other researchers in one of our publications.

**Use the membership application form on the right!**

For annual only 40 euros and a one-off admission fee of 10 euros, you will receive a journal and yearbook as well as a wide range of support for your research.
